

## The Performance of 30 TOP FOOD & BEVERAGE COMPANY GROUPS in Indonesia, 2017 – 2018 Together with Their Financial Statements

**F**ntastic... it is the right word for illustrating the rapid growth of food and beverage industry in Indonesia in the last several years. When other industries have experienced heavy pressure and even some of them collapsed, food and beverage industry grew by 7.88% in 2015 and went up to 8.22% until June 2016. It defeated oil and gas industry which grew by only 6.49% and other industries. With Indonesian population reaching 250 million people, food and beverage industry is predicted to keep on growing positively.

Butput of PT. CDMI Consulting that companies dealing with this business truly experience their golden period with fantastic revenue. In 2015 Indofood CBD Sukses Makmur lead with revenue of Rp. 31.7 trillion and until September 2016 had obtained Rp. 26.5 trillion, followed by Mayora Indah with revenue of Rp. 14.8 trillion, TPS Group of Rp. 6 trillion, Ultrajaya of 4.3 trillion, KINO of 3.6 trillion, Nippon Indosari of Rp. 2.7 trillion, Siantar Top of Rp. 2.54 trillion. Fantastic revenue was also felt by non-public listed companies such as NESTLE, DANONE, WINGS Food, ORANG TUA Group, Coca Cola, ARNOT'S, Khong Guan, GARUDA Food, SOSRO, DUA KELINCI, SINDE Group and others.

High revenue of the companies is due to their continuous expansions by raising their production capacity, launching their new products and constructing plants with high investment. The companies also succeed in increasing and expanding their export markets. In 2015, the export of Indonesian food and beverage products reached US\$ 5.6 billion and until June 2016 had amounted to US\$ 3.27 billion.

Viewing this reality, lots of foreign investors have also entered into this business and most of them are from Japan followed by South Korea and Taiwan. These companies enter into Indonesia through various ways. Some of them hold local companies to establish joint venture companies, acquire local companies or entirely foreign investment. They make Indonesia as their production base due to abundant raw materials.

Rapid growth of food and beverage industry in the country makes PT. CDMI Consulting to be attracted to perform a deeper investigation and finally succeeded in publishing a study book with a title of "The Performance of 30 TOP FOOD & BEVERAGE COMPANY GROUPS in Indonesia, 2017 – 2018 Together with Their Financial Statements".
